

The Water Division of the DPW will be performing water main flushing in North Hanover on May 18, 2016 from 9:00 AM to 3:00 PM. The streets affected include:

Main Street from Walnut Street to Norwell line

Lally Farm Drive

Beckford Farm Road

Autumn Lane

Push Cart Lane

Pumpkin Patch Way

Wade Way

The Elms

Cushing Hill Road

Buffum Road

While the hydrants are open in your neighborhood, you may experience discolored water or a small drop in water pressure. In the unlikely event your water service is interrupted or you are experiencing no water pressure please notify the DPW as soon as possible at 781-826-3189. Should your water appear reddish, yellow or brown, do not be alarmed. It is recommended you do not use the water or do laundry for two hours after noticing this discoloration. After you have waited, run your cold water tap (without the aerator screen) for five to ten minutes. This should remove any sediment from inside your service. If the water does not clear after two hours, please notify the DPW at 781-826-3189.
